

## **Taxonomy change beginning with 2001 data**

Data for 1990 through 2000 are based on the Standard Industrial Classification (SIC) coding system. Beginning in January 2001, wage and salary employment estimates were published under a new classification system. The SIC has been replaced by the North American Industrial Classification System (NAICS). Data prior to 2001 are comparable only for Total Nonfarm Wage and Salary.
